

Divide your page into four big boxes. You will design, and solve, your own specific heat problems. You must write the problem out in words and then solve it. You must also write a “Tip, Hint, or Warning” for each type of problem.

<p style="text-align: center;"><b><u>Solving for Q</u></b></p> <p><i>Problem:</i></p>   <p><i>Solving:</i></p>       <p><i>Tip/Hint/Warning:</i></p>	<p style="text-align: center;"><b><u>Solving for m</u></b></p> <p><i>Problem:</i></p>   <p><i>Solving:</i></p>       <p><i>Tip/Hint/Warning:</i></p>
<p style="text-align: center;"><b><u>Solving for C</u></b></p> <p><i>Problem:</i></p>   <p><i>Solving:</i></p>       <p><i>Tip/Hint/Warning:</i></p>	<p style="text-align: center;"><b><u>Solving for <math>\Delta T</math></u></b></p> <p><i>Problem:</i></p>   <p><i>Solving:</i></p>       <p><i>Tip/Hint/Warning:</i></p>
