

# Safety Work

- 1.** Make sure you have your Interactive Notebook (Regular Chemistry) or your Composition Book (Honors or AP Chemistry) ready to take notes.
  - On page 2 of Regular Chem Interactive Notebook
  - Page 2 of Honors/AP Composition Book)
  
- 2.** Read the [Safety Contract](#) if you haven't already!
  - a.** Make sure to take enough notes about the safety contract so you can use this page to study from!
  - b.** A lot of this is common sense (don't eat the chemicals!) but some of it may be new to you because it is specific for high school level science classes. Don't worry too much about the common sense ones, focus on taking notes on the parts that are new to you!
  
- 3.** Complete the [Online Safety Assignment](#).
  - a.** You will watch a video and answer questions embedded into the online assignment.
  - b.** Make sure to take enough notes about the video and google form questions so you can use this page to study from!
