

Cross Cutting Concepts – Unit #0 - Chemical Foundations

Scale, proportions and quantity	Stability and change	Patterns

- Cut off the top portion of this page.
- Make it into a pocket on p. _____
 - Put glue on the left and right edge, and the bottom edge. No glue on the top edge or you will seal off the pocket!
- You will fill these columns with items/facts/ideas/concepts/examples etc from the chapter that fit into each of the “cross cutting concepts.”
- You will put quizzes and extra practice into the pocket during the chapter.
- Bullet points are fine, drawing pictures is fine, writing paragraphs is fine, it is up to you!
