

Using the internet, books, research articles, ***research the pros and cons of nuclear power***. Be specific and make sure that you have details, examples and a balanced amount of pros and cons. Make a table with your facts.

You need to use at least 4 sources AND you need to use at least TWO DIFFERENT TYPES of sources.

Examples of types:

- 1) Your textbook
- 2) Another book or journal article
- 3) Internet site
- 4) Other...tell me what it was

You may use books/journals you find in my room, the school library, the public library, the bookstore.

Your page should look like this when you are done. You need to have FIVE pros and FIVE cons

PROS	CONS
1)	1)
2)	2)
3)	3)
4)	4)
5)	5)
"Simple Citations" – examples of different combos of sources you could use	
<ul style="list-style-type: none"><li>• Textbook (Tell me title, author, page number)</li><li>• Journal article (Tell me title and author)</li><li>• Internet site (Tell me exact website address)</li><li>• Internet site</li></ul>
