

Periodic Table Vocabulary

Vocabulary Assignment:

Match up the boxes so that each side matches with the correct term/definition/description (the outside edges “wrap around” – see picture). When you are done, you should have 18 vocabulary terms/concepts to remember. Write them down here. Include the word and definition. Here’s a hint: when laid out correctly, the answer to this riddle will appear in the boxes when read from top left to bottom right.

Riddle: What kind of bear has no teeth?

Answer: _____
