

1. Pick three of the following: – Haiku, Cinquain, Limerick, or “Copy change” (instructions for each are on p. 7)
2. Write three poems using what you picked above. One poem for each topic:
  - Lewis structures with single bonds
  - Lewis structures with double/triple bonds
  - Lewis structures for ions
3. Make sure to label which poem is which! Tell me which topic each one is for
4. Include actual CONTENT! It should have INFORMATION in it! 😊
