

AP Chemistry – Thanksgiving Break Suggestions

- **Study for Equilibrium and Atomic Structure Test – Monday 11/_____**
 - Review notes, re-watch YouTube lectures, try worksheet problems again, do some of the * optional worksheets, correct worksheets you haven't corrected, review Thou Shalt Not Forget and other papers in the Reference and Study sections of your binder, GoFormatives, AP Classroom problems, google old AP FRQs and try them and read the grading rubrics, etc etc etc.
- **Get organized!**
 - Composition book up to date
 - Daily Practice Problems glued in, completed, corrected in green pen, homework listed on the glue in.
 - All notes taken, color annotations, KCQ boxes filled out.
 - 3-ring binder organized
 - Everything where it belongs, no junk or papers from other classes.
 - Use the class website to help you!
- **Prepare for the new chapter – Bonding**
 - Review Honors Chem Bonding lessons
 - Most people probably need to review how to draw Lewis Structures... you can NOT just randomly put dots all over! PLEASE review the systematic way that I teach how to do Lewis Structures. Don't lose points in AP Chem because you don't remember something from Honors Chem!

N16 - "Quick Guide" to Bonding and Naming https://youtu.be/ktPW9-jld0s 	N17 – Writing Neutral Formulas https://youtu.be/SqXspzKwlaE 
N18a – Intro to Lewis Structures https://youtu.be/on_-k2-ivns 	N18b – Lewis Structures of Single Bonds https://youtu.be/HeX66BXt2-w 
N18c – Lewis Structures of Double Bonds https://youtu.be/KBP_sUPYK3E 	N19 – VSEPR https://youtu.be/zvTsm6kT7C0 
N20 – Polarity https://youtu.be/8yHUe42Y0Mw 	Memorize VSEPR Chart https://tinyurl.com/yxmp92hv 

- **Set yourself up for success!**
 - You know what work you have been doing or not doing this semester... do what you need to in order to come back from vacation on a strong foot!
 - This class is hard work, but you can do it. Remember –

“Perseverance is the hard work you do after you are tired of doing the hard work you already did.” – *Newton Gingrich*
